Order information

ⓘ Please be sure to choose a genuine sales platform so that SaleYee platform can match suitable logistics for you. Otherwise, it may affect your store.

* Selling platform Customized Order No.

Select Store order number can be entered as a note

ⓘ To ensure that your package is shipped normally, please carefully check the following information:

1. Logistics information is consistent: The selected logistics product and tracking number must completely match the uploaded Label information;

2. Single Label Independent File: If your Label file combines multiple Labels, please be sure to split it into "single PDF file" (ie: 1 PDF corresponds to 1 Label).

* Logistics product	* Tracking number	* Label file	Operation
Select		Upload	Add Label information

•After confirming that the information is correct, click Submit Order and pay the order amount.

2. Notice

1. The self-pickup price of the product supports the reservation service, but the reservation inventory only supports self-pickup orders. reservation for non self-pickup product prices does not support self-pickup orders for the time being. The platform is stepping up service optimization and will support reservation inventory sharing in the future;
2. Self-pickup orders only support manual orders and API orders, and do not support batch orders and platform sync orders. The platform is stepping up service optimization and will support all ordering methods in the future;
3. For self-pickup orders, please be sure to filter the price with the logistics method of "Self-Pickup" to place an order to avoid abnormal delivery due to incorrect logistics methods;
4. The number of label files uploaded must be submitted strictly according to the "number of shipped packages" marked on the product details page to avoid some packages from being unable to be shipped due to insufficient number of label files;
5. When submitting an order, please be sure to fill in the correct "logistics method and tracking number" to avoid delivery delays due to abnormal logistics information;
